Smart Specialisation – Mining Industries partnership gathered in Lisbon, Portugal

Portugal is hosting between today and tomorrow, the Meeting of the partnership for Mining Industries within the framework of Smart Specialisation in Europe.

In a joint organization between the Faculty of Sciences of the University of Lisbon and the Cluster Portugal Mineral Resources, over two days it will be discussed the inter-regional cooperation for a sustainable Mining Industry in Europe.

This Partnership has its scope focused on the Mining Industry, related industries and all the value chain. This partnership emerged from the European Interreg Project - REMIX and the MIREU Project - H2020 (https://s3platform.jrc.ec.europa.eu/mining-industry). This partnership operationalises the work of these projects and shift the focus on inter-regional investments.

Gathered in Portugal, in the FCUL library, are the following entities:
- Faculty of Sciences of the University of Lisbon (Portugal).
- Association Cluster Portugal Mineral Resources (Portugal)
- Camborne School of Mines - University of Exeter (UK)
- MinPol - Agency for International Minerals Policy - (Austria)
- University of Oviedo (Spain)
- Geological Survey of Finland (Finland)
- SmarthNorth Ltd (Finland)
- Secretaria General de Indústria y Minas del Gobierno de la Junta de Andalucia (Spain)
- Regional Council of Lapland (Finland)
- ICAMCYL - Centro Internacional de Materiales Avanzados y Materias Primas de Castilla y León (Spain)
