

Cluster Portugal Mineral Resources has been reappointed as member of the High-Level Steering Group of the [European Innovation Partnership on Raw Materials](#)

The European innovation partnership on raw materials is a stakeholder platform that brings together representatives from industry, public services, academia and NGOs. Its mission is to provide high-level guidance to the European Commission, EU countries and private actors on innovative approaches to the challenges related to raw materials.

Cluster Portugal Mineral Resources has been reappointed as member of the High-Level Steering Group of the European Innovation Partnership on Raw Materials by the EUROPEAN COMMISSION. CPRM is represented by the chairman of the cluster's board of directors Luís Martins.

The mission of the High Level Steering Group (HLSG) is to provide strategic advice and guidance to the European Innovation Partnership (EIP) on Raw Materials.

The HLSG is entrusted to:

1. Develop a Strategic Implementation Plan (SIP), recommending priority lines of action;
2. Ensure progress during the start-up phase of the implementation;
3. Steer and report on progress;
4. Update the SIP.
